EDUCATION

Master's in Computer Science
Avila University

BSc(Hons) Computing
London Metropolitan University

PROFILE

I am currently pursuing a Master's in Computer Science, with a focus on full-stack development. I have a solid foundation in both front-end and back-end technologies, including JavaScript, Angular, Spring Boot, and SQL. I am passionate about building user-friendly applications, collaborating within teams, and creating solutions that contribute to business growth.

SKILLS

Front-end Development
- HTML5, CSS3, JavaScript/TypeScript
- Angular Framework

Back-end Development
- Spring Boot/Java
- RESTful API design and implementation
- Database management systems(MS SQL Server)
- ORM frameworks (Hibernate)

Security
- Authentication and authorization mechanisms (JWT, OAuth)
- Data encryption and secure transmission protocols (SSL/TLS)

DevOps and Tools
- Version control systems (Git)
- Cloud platforms (AWS, Google Cloud)

Additional Skills
- Understanding of banking and financial services domain
- Problem-solving and analytical skills
- Team collaboration and communication skills
